Sorry, I was told late Friday that I could not release the Agency’s latest response to the OIG Management Alert since it is not posted to OIG’s website, nor has OAR posted. What I read to you on Friday was pretty much the verbatim language in the EPA Deputy AA response. The facilities in Louisiana in the OIG Management Alert are:

- BCP Ingredients St. Gabriel, LA
Incorporated
- Union Carbide Corporation, Taft, LA
St Charles Operations
- Taminco US Inc (Eastman St. Gabriel, LA
Corporation)
- Sasol Westlake,LA
- Air Products Reserve (Evonik Materials)
Reserve, LA

Lourdes,

David Garcia asked me to reach out to you today to discuss our potential commitment to the OIG on addressing community outreach related recommendations related to EtO emissions. Please let me know a good time to call you and the best phone number to reach you at. Thanks.
